ONLY ARTILLERY FIRE REPORTED

Although Situation is Regarded as Improved, Plans For Paris Defense Are Continued

ARRANGEMENTS TO EVACUATE
Raiding Operations in Which British Had The Advantage Reported by Haig Today

(By United Press.)

Paris, June 15.—Artillery fighting along various sectors of the Oise and Marne fronts was reported by the French war office today.

Although the situation is regarded as improved, plans for the defense of Paris was continued today. Arrangements were made for the evacuation of the civilian population in case of necessity.

With the Americans on the Marne, June 15.—Both American and German artillery was active northwest of Chateau-Thierry today. The Boches threw a large quantity of gas shells into Vouresches and the vicinity. There was no infantry action.

London, June 15.—Raiding operations in which the British had the advantage were reported by Field Marshal Haig today.

Washington, June 15.—Sixty-three marines, many of them officers, were reported today on a casualty list issued by the navy department. The list was divided as follows: eight killed in action and 55 wounded.

Washington, June 15.—The war department casualty list contained 81 names today, divided as follows: Eight killed in action, ten dead from wounds, six from disease, one from accident, fifty-six wounded.

Allied strategy and tenacity in combat again have checkmated blows by massed bodies of German troops and the German crown prince has given up his second offensive within a month without either of them having affected seriously the general situation on the western front. Except for artillery duels, a lull has come to the fighting sectors, but a new enemy assault is expected soon.

In the offensive which began last Sunday the Germans used large masses of troops on a short front. For three days they gained ground and were rapidly forcing their way southward along the Aisne. French resistance stiffened and then the French took the offensive. German efforts to strike south of the Aisne and reach the Oise, south of Compiègne, also failed after a slight gain.

Friday there was no infantry fighting of moment anywhere along the front from Ypres to Rheims, which is now the vital part of the western line. The Germans made no further attempts, and are probably reforming the divisions shattered by the French resistance of the last week.

CHARLES P. STENGER DIES

Son of Rush County Man Expires at Summer Home Near Warsaw

Word of the death of Charles P. Stenger, 54, son of B. F. Stenger of this county, has been received here. Death resulted a week ago following an illness which had lasted for ten years. At the time of death Mr. Stenger was at his summer home at Chapman lake, near Warsaw.

Surviving the deceased are his wife and one daughter, Mrs. R. E. Weller, of Indianapolis, his father, B. F. Stenger, and one sister, Mrs. C. G. Hill, of Carthage. Burial was made Thursday afternoon at the Crown Hill cemetery in Indianapolis.

AMERICA NOW HAS 800,000 IN FRANCE

Overseas Troop Shipment Has Passed This Mark, According to Statement by Gen. March.

GERMAN OFFENSIVE STOPPED

Chief of Staff Says American Forces Are Put in Front Line in Great Numbers.

(By United Press.)

Washington, June 15.—Overseas troop shipment has passed the 800,000 mark, according to an official announcement today.

Making his first weekly talk to the war department correspondent, General March, chief of staff, revealed this today. He declared that all four offensive drives by the Germans "have been stopped."

Gen. March said that American forces are being put into the front line in great numbers every week, as the mileage covered by American units independently of the French and British is being gradually extended.

That more than a million Americans will have been sent to France by July 1 was the statement made today, following a meeting of the senate military committee and the war council.

The German advances, General March declared, have struck the allied line on an extra 50 miles. The 800,000 troops include all the units which go to make up an army.

The number of troops being sent across now, he added, is limited only by the capacity of ships to carry them and "we intend to keep that up."

He declined to predict when the allied-American forces would have a numerically superior force, but declared that the "activity now is toward Paris," but that the channel port first and Paris second, constitutes the obvious objectives of the Boche.

PICK 3 NEW MEMBERS OF CHAUTAUQUA BOARD

Elect Them to Take Places of Dr. Frank Sparks, Cary Jackson and A. P. Wagoner Who Retire.

ASSEMBLY TO ECLIPSE ALL

Bigger and better than ever—even bigger than the program of 1917 which was acknowledged to be the best in several years, this season's chautauqua, which will be held in the city park August 4-11, is to eclipse them all.

At the meeting of the chautauqua guarantors which was held last night, new directors were elected to fill the vacancies made by the expiring terms of the men who served on last year's board. B. O. Simpson, L. L. Allen and J. D. Megee were elected directors of the 1918 chautauqua at the meeting, taking the places of Dr. Frank Sparks, Cary Jackson and A. P. Wagoner.

At the close of the session, it was decided to call a meeting of the entire board within the next few days to begin active arrangements for the affair. The meetings of the program committee, which are being held often, are doing effective work and are succeeding in filling the vacancies on the program with some of the best talent in the country.

WHEATLESS WEEK ORDER

(By United Press.)

Copenhagen, June 15.—Wheatless week has been ordered in Bavaria, according to advices received here today.

Twenty-five men who refused to work were court martialled at Prague on charges of mutiny.

Once More Boys Are "Sent Away With Broad Smile"

Large Crowd of People, Just as Demonstrative as Ever, Sees Nine Leave For Indianapolis

TO BE TRAINED AS MECHANICS

Once more they were "sent away with a broad smile," this morning. The regularity with which troops are leaving for training does not dampen the ardor of Rush county people, who are just as demonstrative as ever towards the boys who are going to prepare to fight for those who remain at home.

Nine selectives left at 10:55 over the C. L. & W. for Indianapolis where they will enter a training school for mechanics. Several hundred people were at the station to say farewell to the embryo soldiers and to wish them well on their journey.

SUIT AGAINST THE CITY IS DISMISSED

When City Attorney Moves For Instructions to Find For Defense, Plaintiff Withdraws Suit.

A QUESTION OF WATER RENT

When the city of Rushville, represented by George W. Young, city attorney, moved in the circuit court yesterday afternoon for the judge to instruct the jury to find for the defendant in the case of C. J. Bickhart against the city, plaintiff dismissed the case without prejudice at his costs before the court could rule on the motion. The suit was brought by Bickhart to compel the city to supply him with water, it having been turned off because he refused to pay a water bill.

The contention of the defense, which was the basis for asking for such instructions, was based on the ruling of the state public service commission, made in 1914, that the city of Rushville could not sell water other than by meter, and that until all water bills were paid, the city could not turn on the supply under penalty of \$100 fine. The city attorney said it was a question of law, not fact. The plaintiff alleged the city made a contract to supply water for a year when it accepted \$12 for rent on a flat rate basis and would not pay when it was measured by meter. The bill was large, due to a leak under the house, which was no fault of the city.

DIES FROM INJURIES IN AN AUTO ACCIDENT

Rev. A. R. Jones, Former Arlington Methodist Minister, Victim of Tragic Accident Near Salem

WIFE CRITICALLY INJURED

The Rev. A. R. Jones, formerly pastor of the Arlington Methodist church, died Thursday evening at his home in Salem, Ind., as the result of injuries sustained when the automobile in which he was riding, turned over. The Rev. Mr. Jones and his wife and daughter were riding in the car and at the time of the accident it was being driven at top speed. That he lost control of the car and its skidding caused it to turn over, was the only explanation which could be given for the tragedy. The deceased suffered a crushed skull, a broken shoulder and internal injuries.

Mrs. Jones received serious injuries and her recovery is doubtful although the daughter, Virginia, was only slightly injured. The Rev. Mr. Jones did not recover consciousness before his death and his widow did not become conscious until four hours after his death. The accident occurred Wednesday.

There were three men from Liberty and nine from Connersville on the same train, all bound for the same destination.

MANUFACTURERS OF DISTRICT TO MEET

Ten Counties to be Represented at Richmond to Plan Co-Operation With Government

IN REGARD TO WAR ORDERS

A district meeting of manufacturers from ten counties in this part of the state will be held at the Richmond Chamber of Commerce Wednesday afternoon at one o'clock for the purpose of making plans to get government war contracts. An immense association of all kinds of manufacturers has been formed so as to co-operate with the government and supply it with data concerning the output of all industrial plants. With such information at hand the government can place contracts with firms best suited to handle them so that the manufacture of all war materials will be expedited.

The national association has already been formed and the United States divided into districts. The district in which Rush county is located is composed of Kentucky and southern halves of Indiana and Ohio. Manufacturers of the district met in Cincinnati yesterday and planned for the extension of the movement. The counties in the sub-district which will be represented Wednesday at Richmond are Wayne, Randolph, Fayette, Blackford, Henry, Union, Jay, Franklin, Delaware and Rush.

GERMAN FLEET SENDS OUT FALSE ALARMS

Calculated to Worry Allies Into Belief That Huns Are Coming Out to Battle

KEEPS WATCHERS KEYED UP

Washington, June 15.—The German fleet is sending out alarms several times a week, intending to worry the American allied fleet into a belief that the Teutons are coming out to battle.

In a great clatter of wireless, orders indicating preparation for a dash were heard. The American Allied fleet picked this up and can distinguish between the signals of battleships and smaller crafts.

The result of the constant alarms is to keep the watchers keyed up to an expected, prepared pitch.

American crafts now operating in European waters will play an important part if any sea action does eventually come.

Hindenburg is said to be pressing his colleagues to undertake a sea offensive as the backing of his last effort. It is recognized that such an attempt by the Germans would probably indicate a last desperate stand.

SALES ARE MADE DESPITE THE LULL

Thrift and War Savings Stamps Amounting to \$3,000 Are Taken at Manilla Meeting

TOWN REACHES YEAR'S QUOTA

Close Race Union and Posey Townships For Honors in Campaign Apparently Won by Union

Despite the fact that there is a temporary lull in the intensive War Savings Stamp drive among the members of the county executive committee, gratifying reports of the sales in various districts continue to appear at the county headquarters each day.

Thrift and War Savings stamps amounting to \$3,000 were sold at the Thrift Stamp meeting which was held in the Manilla Christian Union church last night when the Rev. L. E. Brown, pastor of the Christian church here, delivered a stirring patriotic address.

The lecture was strictly a war speech and the effective manner with which the speaker placed the present situation before the people, appealing to them for a hearty co-operation in the government's demand for money, was responsible to a great extent for the generous contribution which was made to the request for subscriptions.

The record which Walker township has made since the first month of the Thrift stamp movement in Rush county has ranked among the first township in the county, and the response at the meeting last night resulted in that section of Walker township under the direction of the Manilla committee had raised their apportionment to the year's Thrift stamp quota amounting to some over \$14,000. The apportionment for the entire township of \$27,000 was divided equally between the two districts of Homer and Walker. Manilla has the distinction of being the first committee in the county to report the raising of their year's quota.

The close race between Posey and Union townships for the banner out-township in the recent Thrift stamp drive, has apparently been a victory for the Union township committee where a total subscription of \$6,696.73 has been reported by the township chairman. Of this amount Mrs. Oscar Reese and E. A. Billings sold stamps amounting to \$2,235; Mrs. Reese's canvassing being the maximum amount in the township, reporting \$2,010 of the amount.

SECOND EDITION OF QUESTIONNAIRES HERE

Will be Mailed to New Group of Registrants When Provost Marshal Fixes The Day

COLORED MAN TO BE SENT

The Rush county army selection board has received questionnaires to be mailed to men becoming twenty-one years of age since June 5, 1917, who registered June 5 of this year. The provost marshal will fix a date for sending them to the registrars. The questionnaires are practically the same as those which the first group of registrants had to fill out, with the exception of a few immaterial changes in the form. They are labeled second edition questionnaire.

Oscar Savanegan, colored, who registered in the south, will be sent to Camp Taylor, Ky., as soon as the papers in his case, which is being transferred here, are received by the local board. The board made inquiry at the state conscription office and has been told how to proceed. Savanegan is chauffeur for Frank Capp.

MILITARY TREATY READY TO RATIFY

Provides Only Americans Between 21 and 31 in Great Britain Are Subject to Draft

BRITISH DRAFT LIMIT 18 TO 49

British and Canadians, 20 to 44 Subject to Draft Here—Irish and Australians Exempt

(By United Press.)

Washington, June 15.—Irishmen and Australians in this country are exempted and only Americans between the ages of 21 and 31 are subject to draft in Great Britain and Canada under the British-American military convention now awaiting ratification by the United States senate.

Details of the treaty became known today, disclosing that it required a formal exchange of notes between the United States and Great Britain to settle questions relative to application of the American draft age limit to Americans in Great Britain and Canada.

The British military service acts which governed the operation of the treaty, would make all Americans in Great Britain and Canada between 18 and 49 liable to draft into the British army. But in the notes exchanged by Lord Reading and Secretary Lansing, it is agreed that the United States may claim exemption for its citizens under 21 and over 31.

British and Canadians in the United States between the ages of 20 and 44 years are made subject to the draft by the treaty.

The first article of the treaty which covered the entire subject follows:

"All male citizens of the United States in Great Britain and all male British subjects in the United States shall, unless before the time limited by this convention, enlist or enroll in the forces of their own country or return to the United States or Great Britain respectively for the purpose of military service and subject to military service, entitled to exemption or discharge therefrom under the laws and regulations from time to time enforced, of the country in which they are:

Provided that in respect to British subjects in the United States the ages for military service shall be for the time being 20 to 44 years, both inclusive; provided, however, that no citizens of the United States who before proceeding to Great Britain or the United States respectively, was ordinarily a resident in a place of the possession of the United States or in his majesty's dominions respectively, where the law does not impose compulsory service, shall by virtue of this convention be liable to military service under the laws and regulations of Great Britain or the United States; provided further, that in the event of compulsory military service being applied to any part of his majesty's dominion in which military service at present is not compulsory, British subjects who before proceeding to the United States were ordinarily residents in such parts of his majesty's dominions, shall thereupon be included with the terms of this convention.

BRITISH STEAMER IS SAFE

Keemun, Reported U-Boat Victim, Escapes After Running Fight.

(By United Press.)

An Atlantic Post, June 15.—Bringing a thrilling story of her fight with a German submarine at the Virginia coast, the British steamer Keemun docked here today.

Her encounter with the enemy raider Thursday was a running battle in which the German used five big guns and showed as much speed as the Keemun.

REO

This Reo Six At \$1550
Is Even Greater Value Now

ALWAYS THE GREATEST buy in the six
cylinder, seven passenger class, the value of
the Reo Six is now by comparison with all
others, enhanced at least 25 per cent.

PRICES OF OTHER CARS of similar power
and passenger capacity—but not of Reo qual-
ity—have advanced from time to time, till now
you must pay several hundred dollars more
for them.

THE REO FOLK have steadfastly refused to
advance the price of this great Six despite the
constantly increasing cost of production.

BUT ON JANUARY FIRST, the factory in-
forms us, there will have to be, and will be, a
substantial increase in price.

THIS IS IMPERATIVE because with present
prices of materials, shortage and cost of labor
and of all supplies, there is no longer a safe
margin in this big Six at \$1385.

JUST HOW MUCH the increase will be the
Reo Folk cannot tell us at this time. Con-
ditions change daily and nobody can gauge
the future accurately.

CERTAIN IT IS however, that it will be a con-
siderable advance.

WHEN YOU CONSIDER that prices of all
other commodities—even of staples—have
advanced 50 to 100 per cent and more, while
prices of Reo cars are today just what they
were two and a half years ago, you will see why
a longer adherence to these prices is impossible.

WE HAVE FAIR WARNING—and we pass
it to you—that on January First the new prices
will go into effect.

AND MEANTIME all bona fide orders for Reo
Sixes on which delivery date is prior to Dec-
ember 31st will be filled at present prices.

OF COURSE the number is limited to each Reo
dealer's quota—and we know just what our
limit is.

WHEN WE HAVE orders for our full allot-
ment up to and including December 31st, we
must decline further orders save on the con-
dition that such orders will be filled at prices
prevailing on date of delivery.

YOU'LL MAKE MONEY—a handsome interest
on the investment by placing your order now.
NEVER WAS AS GREAT VALUE anywhere,
at any time, as in the Reo Six at its present
price. And now the value is greatly enhanced
by comparison not only with others, but with
its own sterling self.

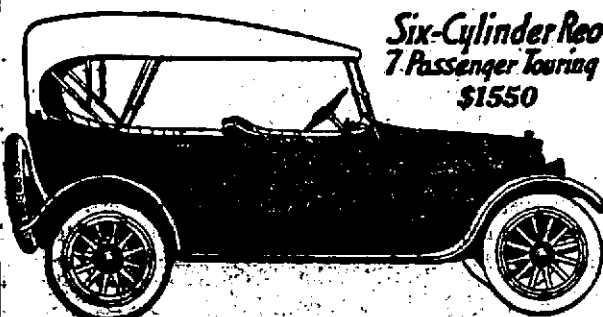

DON'T DELAY. Nobody knows what you may
have to pay for automobiles in the next few
months. Production is cut almost one half—
demand greater than ever. He who hesitates
now—loses.

ORDER NOW—there's no time to lose if you'd
be among the few.

MEDICS DISREGARD SUMMER VACATION

In Order That State May Do Its
Share to Furnish Physicians for
Army and Navy

GOVERNMENT DEMAND GREAT

(By United Press.)
Indianapolis, Ind., June 15.—In
order that the state may do its share
toward turning out physicians for
the U. S. army and navy, the Indiana
university medical school today
started its school year, having dis-
continued the vacation period.

An unusually strong effort was
made to encourage high school gradu-
ates to take up the study of medi-
cine as the supply of physicians is
growing very low and additional
calls are being made on the state by
the war and navy departments.

By discontinuing the vacation the
class which ordinarily would be
turned out until next June would be
graduated in February.

The fourteen men graduated from
the department this week have en-
tered the navy. The navy waives
the internship and they will be given
special training to take the place of
the work usually done while serving
in hospitals.

FIRE CAUSES LOSS OF \$250 THIS MORNING

Kitchen at Home of Joseph Wolf,
919 West Fourth Street, is
Badly Damaged

RESIDENCE PROPER IS SAVED

Fire, which broke out this morning
shortly after five o'clock at the
home of Joseph Wolf, 919 West
Fourth street, resulted in a damage
amounting to \$250.

The residence proper was not
damaged as the fire was confined to
a detached kitchen and another
building close by. The flames were
first discovered in the kitchen and
are believed to have resulted when
a member of the family, after start-
ing the fire in the cook stove, threw
a lighted match on the floor, catch-
ing fire to the carpet. Before the
fire was discovered, the interior of
the kitchen was almost entirely de-
molished and practically all of the
furnishings ruined.

When the fire department arrived
the flames had spread to the other
building on the premises, gaining
such headway that it was impossible
to save it. By effective fighting, how-
ever, the flames were kept from the
main building of the residence. As
no insurance was carried, the loss
was total.

SILo CAMPAIGN REAPS BENEFITS

Prof. Schwab Is Gratified with Re-
sults Obtained in Two Day Cam-
paign in Rush County

LARGE CROWDS AT MEETINGS

Ripley Township Is Banner One in
County Having Thirty Silos—Slo-
gan Strikes Home

Prof. Schwab of Lafayette, whose
spring work has been spent in con-
ducting silo campaigns in Indiana,
expressed gratification on the results
of the two day campaign in Rush
county, which ended last night.

The doctrine preached by the
county silo agent, W. A. Alexander,
that ten acres of corn in a silo is
worth thirty acres out of one, ap-
parently struck home in the hearts
of Rush county farmers for on ev-
ery side the campaign managers, in
their hurried visit through the coun-
ty, were greeted enthusiastically by
farmers who were eager for infor-
mation concerning the installing of
silos.

Excellent crowds of agricultural
men were present at the short meet-
ings which were conducted at all of
the big silos in the county. Ripley
township is the banner vicinity in
the county thus far in the erection
of silos where thirty grain contain-
ers have been erected in recent
years in various parts of the town-
ship.

In Noble township, where special
effort was made by the campaign
leaders to interest the farmers in
the erection of silos, the tour dis-
closed the fact that only one silo
had been erected in that township.
The reason for this shortage is at-
tributed to the fact that the town-
ship contains no silo boosters and
as a result the question has not
been brought squarely up to the
farmers there as a measure for the
conservation of grain.

Marion Detrick, who as county
agent perfected most of the plans
for the campaign, was satisfied with
the results of the drive and stated
today that it had opened the eyes
of the farmers to the great loss
they were incurring every year be-
cause of the manner in which they
store their grain. Inquiries concern-
ing the purchasing of silos are being
received from farmers in every
township in the county.

VETERINARIANS MEET IN DISTRICT SESSION

Prof. Allen of Purdue and Dr. Crav-
er of This City Deliver Princi-
pal Addresses

EFFECTIVE ORGANIZATION

"The Control Measure" was the
subject of the lecture delivered last
night by J. L. Craver, government
field veterinarian of this city, at the
meeting of the South Central Indi-
ana Veterinary association which
was held in Shelbyville.

Practically every veterinarian in
this section of the state attended the
meeting, called for the purpose of
perfecting a strong organization
which will be able to lend effective
service to the government during the
present crisis. It was decided dur-
ing the meeting that instructive
meetings would be held at various
centers during the year. Prof. H. E.
Allen, of Purdue university appear-
ed on the program and delivered an
address on "Feed and Feeding." Several Rush county veterinarians
attended the meeting.

PEP PEP PEPSINCO EVERYBODY'S FRIEND

For Your Stomach's Sake Get a Little Pepsinco now, To-day.

That little pain—that little bloating—that little headache—that little heartburn—that little nausea—that bad feeling and misery after eating. Take heed and look to it. Take Pepsinco. It'll make you feel fit. Your food will digest. That load will disappear and the pain will leave instantly.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign. Pepsinco is used by for stomach ills. Guaranteed to thousands. It is the best remedy help the stomach or money refunded. Your druggist sells it on that guarantee.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache, or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do. The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

—Mr. and Mrs. George Owens and Stephen Reed of Newport, Ky., came this morning for a short visit with friends.

—Judge Alonzo Blair of Shelbyville was here today for a short time enroute to Connersville on legal business.

—Mr. and Mrs. Calvin Murphy and Judge George L. Gray of Connersville attended the funeral of H. E. Gullin, Thursday.

—Dr. and Mrs. F. R. McClanahan motored to Deputy, Ind., today where they will spend the week-end at the Doctor's old home.

—Miss Edith Hogsett has gone to Bloomington where she will attend the summer course for teachers, at Indiana university.

—Mr. and Mrs. L. C. Hunt and family of Cynthia, Ky., arrived today for a visit with Mrs. L. S. Hunt of West Sixth street.

—Conwell Smith, Cyril Arbauckle, Ralph Plessinger, Marlin Gibson and Robert Craig will motor to Shelbyville tomorrow and visit friends.

—William Dill has returned from Harrisburg, Pa., where he spent several days visiting friends. Mr. Dill formerly resided in Pennsylvania.

—Miss Thelma Parker of New-castle returned to her home this morning after spending a few days in this city as the guest of friends.

—Mrs. Alice McCullough and Mrs. John Davison of Columbus are the guests of Mr. and Mrs. L. M. Clark and attended the funeral of H. E. Gullin, Thursday.

—Mr. and Mrs. Ed Muire have gone to Chicago for a visit with their son Frank, who is in training in the Great Lakes naval training station.

—The Rev. Mr. Seull went to Indianapolis today where he will meet his daughters, the Misses Fern and Fay Seull, who have been attending school in Danville.

—Mr. and Mrs. Lewis Green and daughter, Margaret, of Indianapolis will arrive this evening for a short visit here, the guests of Mr. and Mrs. M. P. Long and family.

—Hafry Hackman has returned from Dayton, O., where he attended the commencement exercises and alumni banquet of St. Mary's college. Mr. Hackman graduated from St. Mary's two years ago.

LARGE CROWD WILL ATTEND

Odd Fellows and Rebekahs Going to Greensburg Tuesday

The reports made at a meeting of the committee in charge of the arrangements for the Odd Fellows and Rebekah picnic to be held at the home at Greensburg next Tuesday, indicate that a large crowd will be in attendance. It is anticipated that fifty machines will make the trip. They will assemble at the hall here and leave promptly at 10 o'clock. The delegation will be kept together until reaching Greensburg when a demonstration will be made upon the streets there. Lunch will be served soon after arrival and the afternoon will be spent in visiting the home.

MORE DESTROYERS TO BE SENT ABROAD

House Naval Committee is Informed Today Five More Squadrons Will be on Duty Overseas.

MORE SAILORS ARE NEEDED

(By United Press.)
Washington, June 15.—America's sea forces in European waters are to be augmented by five more squadrons of destroyers this year, the house naval committee was informed today.

This gives the nation the greatest destroyers fleet in the world's history.

To man the ships, there must be an immediate increase, the committee was told in letters from Admiral Palmer and Benson and Secretary Daniels, urging a permanent increase in the navy personnel to 131 officers and 485 enlisted men.

ACCEPTS OFFER TO BE MESS SERGEANT

James Wooster, Proprietor of City Restaurant, Leaves to Enlist in Tank Corps

OFFER FROM LIEUT. BRANN

James Wooster, proprietor of the City restaurant, has gone to Gettysburg, Pa., where he expects to enlist in the tank corps of the army, whose training is situated outside of the city.

Mr. Wooster left yesterday upon receipt of a telegram from Lieut. W. B. Brann, of the tank corps stationed at the Gettysburg camp, which stated that a place as mess sergeant in his company was open. Because it was necessary that the place be filled immediately, Mr. Wooster left a few hours after the receipt of the telegram. During his absence the restaurant will be managed by Silverton Rebut. Mr. Wooster was in class two of the draft.

Days Pickings

A marriage license has been issued to Eva M. McMichael of Arlington and Edwin Miller.

A seven pound baby boy was born to the wife of Emory Schmidt, corner of Ninth and Willow streets, last night. The baby has been named Richard Alfred.

W. S. Oneal, democratic county chairman, has been appointed a member of the reception committee for Vice President Marshall, who will speak at the democratic state convention which will be held in Indianapolis next Tuesday and Wednesday.

According to word received here from Edmund Barry, formerly of this city, and now with the American Expeditionary Forces, he is recovering from scarlet fever. He has been confined to the base hospital for three weeks, and at the time of writing was permitted to sit up three hours.

J. C. Reddick, former sales manager for the Stanley Automobile company here, who during the past two months has been in charge of the Dodge Motor company agency in Greensburg, has enlisted in the United States Motor corps for foreign service. Mr. Reddick will report at the Rose Polytechnic Institute in Terre Haute to enter a three months training course.

MEETINGS PROHIBITED.

(By United Press.)
Dublin, June 15.—A proclamation issued today prohibits all public meetings and processions in Dublin until further notice.

COAL CONSUMERS MUST BUY WINTER SUPPLY NOW

Consumers must buy their winter supply of coal during the Spring and Summer for storage if production is to be maintained at a maximum and the country enabled to avoid a serious coal shortage this winter.

Building Silos Patriotic

One of the most effective arguments in support of the campaign to build 10,000 silos in Indiana, is the fact that England and France are now face to face with a serious shortage of animal feeds. Cable dispatches announce that horses and cows are now to be placed on rations in England, which means that America will be called upon soon to add to the allied nations' supply of meat.

Silos are recommended for their value in conserving stock feeds. Stock raisers are their most earnest advocates.

The average meat consumption in the United States is about 3 pounds per person per week. The food administration desires that this average be reduced one-third. Use of pork products rather than beef, and poultry, eggs, milk and fish in place of either pork or beef, is earnestly recommended.

With the improved transportation facilities and the increase in number of American soldiers in France, it becomes necessary to constantly increase the exportation of food stuffs, chief of which, necessarily, is meat. The utilization of all fats, scraps of meat and bones that heretofore have contributed to make a "million dollar garbage pail" is one of the objects of the food administration's latest educational campaign. When it is considered that bones are sold in England at the rate of 5 pounds per shilling, or about 5 cents a pound, and used for soup-making and other food purposes, it is clear that American wastage is indefensible, the food administration says.

No More Rouge

The great news comes that the "perfect beauties" of Ziegfelds "Follies" are in future to be married no more with paint or powder either on the street or the stage. It seems that Ziegfeld, who laid down this law, is not moved by sentiment but merely has a shrewd eye on commercial gain, wishing to increase the box office receipts by making his far-sought and chosen "beauties" more beautiful still. He got his bright idea from Paris where the rouge-pot craze originally came. One of the blessings brought to Paris by the war was a scarcity of cosmetics, and in consequence rouge and powders have been used very sparingly or not at all. Did beauty thereupon disappear from the stage and the streets of the French capital? Not on your life. On the contrary the

He Was Worried And Hopeless

"For ten or twelve years I was bothered with bad kidney trouble," writes T. F. Hutchinson, Little Rock, Ark. "I tried many remedies and doctors, but grew worse all the time. I was worried and had almost given up all hopes. I tried Foley Kidney Pills and they helped me a lot. I have since used five boxes and am now a well man." Foley Kidney Pills drive out aches and pains due to kidney trouble; also sleep disturbing bladder disorders. F. B. Johnson. Adv.

MEN FOR VOCATIONAL TRAINING ARE CALLED

More Than 100 Will be Housed at Indiana State School For Deaf in Indianapolis

500 TO PURDUE UNIVERSITY

(By United Press.)

Indianapolis, Ind., June 15.—Drafted men who will take up special vocational training work for various lines of duty, were today being mobilized in Indiana.

More than 100 will come to Indianapolis. They will be housed at the Indiana state school for deaf during the regular vacation period of the school, and the Metropole Hotel which has been taken over by the government for war work.

Another 500 went to Purdue university.

A quota of 500 from Illinois will be trained at Valparaiso university.

astounding discovery was made that every French woman good to look at was prettier still without the hectic exaggeration of rouge. Conservative old-fashioned souls on this side of the Atlantic will fear to jubilate too soon but there is room for the hope that the rouge-pot will soon be restricted to the shadowed realms where it belongs, and that no more will the eye be afflicted with the sight of innocent young girls so daubed as to suggest painted creatures of the streets. Perhaps the chorus girl needs some extra coloring in the footlights' ghastly glare, and she may think Sherman was right about the penalties of war; but if fashion should sweat the rouge-pot there will be great gain for everybody else.

Sign Pledges For Farm Work

Nine hundred experienced men were placed in regular farm work in one month this spring in Ohio. Records of a similar nature are being made in other states where special efforts have been made to bring about a close co-operation between the town and country. For this purpose pledges are being secured in each town, city and village from men who have had previous farm experience, to devote a few days or weeks of their time to harvest work during the coming season if their services should be needed. Farm-help specialists in Kansas have secured pledges of this kind from 50,000 city residents who have promised to devote two to fifteen days of their time to harvest work this summer. Similar results have been obtained in Indiana, Illinois, North Dakota, South Dakota, Pennsylvania, Georgia and Kentucky. Campaigns are either in active progress or are being planned in every State.

After dishonestly prefacing all atrocities with the claim of the need of "reprisal," Germany now threatens us to be careful what we do to one Von Rintelen, accused as a spy, but Sec. Lansing pointedly remarks in reply that, as there are a thousand Germans in this country to one American in Germany, we are in a position to make those who threaten mightily sick of their own game.

The U. S. department of agriculture urges hunters not to shoot pigeons in air, for they may be homing pigeons being trained in many sections by the Signal Corps of the United States army to carry messages across battlefields. Farmers and other breeders who allow their birds a few hours of liberty each day also are liable to loss from shooting.

The appalling results of certain newspapers' attempts to spell out phonetically in parenthesis the correct pronunciation of the names of French towns called to mind the wise old saying, "a little learning is a dangerous thing; drink deep or taste not the Pierian spring."

It has been well said of France that "with one hand she shields her million orphans and with the other holds back the hurricane from half the world," and of the German menace that "it is the savage jungle bearing in again upon mankind."

Old tin cans are worth \$12 a ton and there are about eight thousand in a ton. Might begin saving and probably you would have a ton in a century or two.

THE CHICAGO TRIBUNE

Announces

An Association with the N. Y. Times
for Additional War News ServiceThe Chicago Tribune-N.Y. Times
Cable Service

TO expand more widely its already far-reaching war news facilities, The Chicago Tribune announces the completion of arrangements with the New York Times whereby the entire foreign service of both newspapers will be used by The Chicago Tribune and New York Times jointly.

This new arrangement brings to Tribune readers the latest cable reports from twenty-three noted correspondents stationed throughout the war zone and in every important foreign center. And this service is in addition to that of The Tribune's individual representatives overseas and in addition to the Associated Press and United Press reports received by The Tribune.

Among the foreign cables received by The Chicago Tribune through this arrangement are the reports of such brilliant and well-known war correspondents as:

PHILIP GIBBS
—at British Army Hdqrs.G. H. PERRIS
—with the French ArmiesEDWIN L. JAMES
—at American Army Hdqrs.PERCEVAL GIBBON
—with the Italian ArmiesWALTER DURANTY
—with the French ArmiesCHAS. H. GRASY
—at ParisERNEST MARSHALL
—at LondonCHAS. A. SELDEN
—at ParisARTHUR RANSOME
—at Petrograd

GEORGE RENWICK—at Amsterdam

Special Correspondents at:

Berne
Rotterdam
The HagueStockholm
Copenhagen
TokioRome
Milan
PekinManila
Mexico
Havana
Panama

The Tribune's Individual Correspondents Overseas:

FLOYD GIBBONS
—with A.E.F. in FranceJAMES O'DONNELL BENNETT
—at Stockholm, SwedenCHAS. N. WHEELER
—at Dublin, IrelandCAROLYN WILSON
—at ParisM. F. MURPHY
—at Paris

The Chicago Tribune-New York Times Cable Reports reach The Tribune the same day they are written. Due to the fact that they are dispatched by the fastest route the cable tolls are exceptionally high—averaging more than \$1,000 a day. This costly arrangement makes it possible for The Tribune to deliver the latest war news from every important point authentically—and FIRST. To be certain of obtaining an accurate account of every foreign development quickly—read The Chicago Tribune daily and Sunday.

TIDE IS NOT YET TURNED

Asquith Says It Is Folly to Forecast
Impending Movements

(By United Press.)

London, June 15.—"The tide of the invasion has not yet been turned," Herbert Asquith, former premier, declared in a speech here.

"It would be folly to make any forecast of the impending movements, but whatever the issue of this phase, it will not weaken our allegiance to the great purposes for which we are fighting."

"We have reached the stage where more is to be gained than lost by laying before the people all the actualities. The people are ready to face any situation."

Oldsmobile Eight Cylinder Touring Car

The Eight Cylinder Oldsmobile occupies distinctly a place of its own in the ranks of motor cars. Attractive in design, remarkable for completeness of appointments and refinement of finish, it combines unusual power with ease of operation and economy of maintenance. These with many more good qualities assures the owner satisfaction far out of proportion to the moderate investment. Such a car will be a source of happiness, service and pride for many years.

WATSON IN LINE FOR PRESIDENCY

Senator from Rushville Most Prominently Mentioned Besides Roosevelt and Taft

COMMENT OF CORRESPONDENT

Washington Representative of Daily World of Tulsa, Okla., Says He Is Qualified

That Senator James E. Watson of this city is most prominently mentioned in Washington as a possible republican presidential candidate in 1920, aside from Roosevelt and Taft is the assertion of Omer K. Benedict, Washington correspondent of the Daily World at Tulsa, Oklahoma, contained in a dispatch to his paper, a copy of which has been received here.

After explaining Senator Watson's position with regard to the republican nomination, the correspondent proceeds as follows:

"Jim" Watson is a big man—big in more ways than one. He is, to begin with, able to tip the scales at perhaps 250 pounds in the shade. He is big politically, big personally big as a good fellow and big as a mixer. And he has said some very big things. He was a powerful man at the head of the Taft force at the famed Chicago convention that nominated the former president, and he proved himself big enough to pacify the Progressives, and during his last campaign selected Elam H. Neal, the most radical Indiana Progressive, for his campaign manager.

Jim Watson is a fighter, but he never gets mad. While other men in political affairs resort to scurrilous and vindictive denunciation of an opponent Jim Watson uses a stronger weapon, that of satire and ridicule.

Away back in the early days of his schooling at Depauw university, a strong rivalry sprang up between him and Albert J. Beveridge, another shining star in the constellation of Indiana's political and oratorical skies. Beveridge did not like to see Watson receiving the plaudits of the people, and he therefore undertook through vindictiveness to discount his zealous rival; but Jim just poked fun at him and went along being friendly. The madder Beveridge would get the more Jim Watson would joke him. Beveridge is a retired statesman, and Jim Watson is now being spoken of for president. It doesn't pay to become envious of a fellow man, and Jim Watson knew it.

When Jim was a boy, fresh out of college, he formed a law partnership with his father, and about the first advice he received from his senior partner, and pater was this: "Mix, my boy, mix but mix only where it will add dignity to you, and where it will do you some good." So Jim joined the Epworth league and Knights of Pythias as a starter, and began taking interest in Republican politics.

He mixed, and became president of the Indiana state Epworth League and grand chancellor of the state Knights of Pythias of Indiana, and was elected to the senate and is now stepping toward the presidency.

However, Jim's mixing qualities have not always paid him financially. In politics, Jim Watson has been a sort of a huckster upon which the party has always hung everything that nobody else would have. Whenever the Republicans of Indiana or the national congressional committee needed a goat they took the train for Rushville and shipped the package to the carefree, smiling, good fellow, who was doing his best to follow his father's advice. Many times Jim has had to pay for this privilege of being the doorman of his party.

If the party out of Indiana got a little short of money, and after they had been turned down by everybody else, they would search out Jim Watson. "But I haven't the money," Jim would say. "But the party needs it," would be the answer. "Here is a note, the bank will give the money, Jim, if you sign it."

Simple little process for anybody, just sign a name and tide the party over. That done, it was out of Jim's mind—so he came on to congress worth a salary of \$7,500 a year wife and three bright children whose mouths had to be fed and an accumulation of many thousands of dol-

lars of debts, but smiling.

Jim explains that he never knew there were so many banks in his state, as sent him notices of his notes becoming due—and strange say all these notes finally became due and stranger still, all those bankers wanted them paid. But Jim didn't get angry, get blue, or discouraged; he just went on smiling and following his father's advice, mixed some more, earned some more law fees and paid up, interest and all.

Some people were surprised that of all men Jim Watson of Indiana, would prove to be the most standpat of all standpatters at the Chicago convention that renominated Taft and split the party. While Jim had proved easy prey when it came to signing notes to get money for the party, he was as solid as Gibraltar when it came to backing up a principle.

There are two things Jim Watson never has done, and he never will—desert a principle or a friend. On many occasions in his political career he could have made trades and personally benefitted. Not for Jim. "I will never trade off an old friend and true friend for a new one—I do not make friends that way, and friendship in that manner is not worth having."

When Uncle Joe Cannon's throne began to totter, many of his former supporters and admirers climbed on the anti-Cannon bandwagon, but Jim Watson was one who said "nix."

"Come on, Jim," said the bunch, when it was inevitable that Uncle Joe was to be relegated to the rear. "Not for me," says Jim. "He was my friend when I was a youngster struggling in the house, he advised me, he loaned me money when I was poor, and now that he needs me, I'll stick to the finish."

And he did stick, and Uncle Joe was dethroned, and Watson was the loser of prestige along with Cannon, and he was often reminded of it, but to show his contempt he named his next baby, Joseph Cannon Watson.

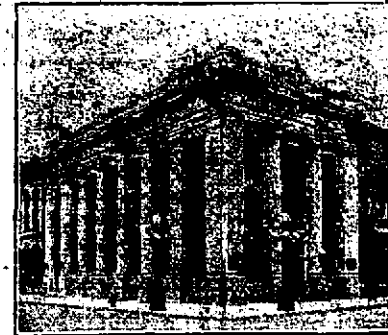

If you like Jim Watson, you have to like him for just what he is. He doesn't pose; there is nothing affected about him. If you don't like him for just what he is, and just as you find him, you will not like him at all, because he refuses at all times to be what he "ain't." He's blunt in his speech, and has a fund of homespun Indiana expressions characteristic of men from that state, and he will use them whether talking to the man behind Old Dobbin in the cornfield or the president in the White House. He is just plain Jim Watson all the time, everywhere; got a handshake that makes you feel like his heart is in it when he gives it to you, and when he slaps you on the back you can feel your blood tingle because it is sincere and you know it—you feel it.

Indiana is the political prize ring of the United States—Indiana produces champions. It is the best politically organized state in the union, and always has been. The people of Indiana take more interest in politics, and devote more study to candidates than in any state in the union. No mediocre man can get anywhere in politics in Indiana, and when a man comes out of that state successful in politics, you can put it down that he has been vivisectioned through and through. Other states, in politics are simply junior colleges and preparatory schools, while Indiana is Yale, Harvard and Princeton combined into one, including Depauw. A political sheepskin from the state made famous by the Wabash, gives immediate entrance to candidacy for the presidency. People in Indiana think politics all the year around, and they produce real men out there in the Hoosier state, and in order to succeed, a winner must be some man—every inch a man, and he must win strictly on his merits of ability. Politics in Indiana is reduced to the crucible and the man who comes out of the melting pot of an Indiana campaign successfully, needs no further recommendation from any source for any position within the gift of the American people to which he might aspire.

And Jim Watson is a United States senator.

Monday

Call meeting of the Royal Neighbors in Modern Woodmen hall, in the evening.

Tri Kappa with Miss Mary Anderson, south of the city, in the evening.

Don. Marie Perkins, Mary Ellen Hughes, Mildred Kirk, Stella Offutt, Libby Schatz and Margaret Coaling.

Thirty members of the Daughters of the American Revolution motored to the home of Mrs. Frank Jones, regent of the local chapter, north of the city, yesterday afternoon, and enjoyed one of the best meetings of the year. The meeting was held in observance of Flag Day, and the afternoon was spent in sewing and knitting, and having a general good time. At six o'clock the husbands of the members arrived and a splendid pitch-in supper was served in the dining room, when the decorations and table appointments suggested Flag Day. A large bouquet of flowers studded here and there with tiny silk emblems of Old Glory, formed the appropriate centerpiece for the table.

A theatre party was given this afternoon honoring Miss Gladys Leyden, who will leave soon for Terre Haute where she will attend school. Those participating in the affair were Miss Margaret Coaling, Miss Marie Perkins, Miss Libby Schatz, Miss Stella Offutt, Miss Mary Ellen Hughes and Miss Mildred Kirk.

The members of the Friday evening Card club enjoyed a delightful picnic supper last night at the beautiful country home of Miss Grace Buell and Frank Buell, east of the city. The splendid luncheon was spread on the lawn at six o'clock and the remainder of the evening was spent in playing cards.

The members of the Friday afternoon Bridge club were entertained yesterday afternoon by Mrs. Guy Mulbarger at her home in North Harrison street. Guests for two tables enjoyed a pleasant time over cards.

The Royal Neighbors will have a call meeting Monday night and transact all business that may come before the camp. All members are urged to be present.

Mrs. Elizabeth Parthow of this county and Land Armstrong of Connersville were married here yesterday.

EGG DRIVE YIELDS \$94.65 FOR RED CROSS

One Conducted in Ripley Township Results Well and Funds Will be Used For Local Work

IDEA ORIGINATED IN COUNTY

Again a Red Cross money-making device has proven successful and the township egg drive movement which was inaugurated here some time ago, was given a boost when Ripley township reported \$94.65 as the result of the drive.

The egg drive in Ripley was conducted Thursday under the direction of the township Red Cross auxiliary. The canvassing of the township was superintended by Miss Cora Clark and as it received the hearty co-operation of the people in every part of the canvassed district, the sale of eggs resulted in a contribution of almost one hundred dollars to the Red Cross fund to be used for local Red Cross work. Similar drives have been carried on in numerous Rush county townships and according to Red Cross workers, is the best method which has been discovered yet, to increase the funds so noticeably without calling for large individual subscriptions.

Numerous Rushville people attended the commencement exercises at the Soldier's and Sailor's Orphans home in Knightstown yesterday. Among the visitors who motored to the home and enjoyed a picnic dinner on the grounds after the exercises, were Marshall Newhouse and daughters Winnie and Helen and son Louis of Greensburg, Mr. and Mrs. Frank Sample and sons Louis and Ray and Miss Rena Mahin of Rushville, Mr. and Mrs. F. R. Newhouse and daughters Goldie and Effie and sons Richard and Clarence, Miss Dora Mull of near Maunilla, Mr. and Mrs. Oscar Newhouse and son Rosecoe, Mr. and Mrs. Beatty Newhouse of Knightstown, Ralph Jones, and Kenneth Poston of Indianapolis.

Mr. and Mrs. Joe Buschmole entertained last night at their home in East First street with a birthday dinner in honor of the third birthday of their son, Joe, Jr. The decorations of the dining room and table suggested Flag Day by the use of red, white and blue candles and flags. A large birthday cake which was adorned with three silk flags and three candles of red, white and blue, centered the table, and the places of the guests were marked with tiny silk flags and candles. The evening was spent playing cards and games of various kinds. The guests included Mr. and Mrs. Thomas Kirk and daughters Margaret, Helen and Mildred and Mrs. Katherine Horr and son Thomas.

The beautiful country home of Mr. and Mrs. Alden Coulter near Mays was the scene of a delightful entertainment last night in honor of Ray Hunsinger and Orville Kirkham who left with the local increment to enter training in Indianapolis. Musical selections and games furnished amusement for the guests, and at the close of the pleasant evening, light refreshments were served. The guests included the following: Mrs. W. S. Kirkham, M. A. Adams, Mr. and Mrs. Dora Mill and son, Miss Nellie Kirkham, Miss Hazel Wilson, the Misses Fern and Zula McBride, Miss Elizabeth Hunsinger, Clyde Owens, Harry Kirkham, and Will Hunsinger.

Miss Nelle Retherford, daughter of Mr. and Mrs. Levi Retherford of North Main street, and Ray Brown, a prominent farmer of this county, were quietly married last night at the home of the bride's parents, the Rev. C. M. Vocum of Kansas City officiating. Mr. and Mrs. Brown have gone to their farm southwest of the city where they will reside. Mrs. Brown, who has always resided here, has taught in the Glenwood schools for a number of years.

A delightful marshmallow toast was given in a woods south west of the city last evening, in honor of Miss Gladys Leyden, who leaves Sunday for State Normal school at Terre Haute. A delicious luncheon was served. Those who enjoyed the affair were the Misses Gladys Ley-

LIFE NOW WORTH LIVING

Illinois Lady Says Cardui Wrought Great Change in Her Health.

Paris, Ill.—Miss Lydia Arbogast, of this place, writes: "When I was 16 years old... I was small, very small for my age. I had a bad color—had the sick headache all the time. Just dragging through school... I didn't feel like going to school and my mother and I were worried about myself, for I felt I couldn't stand that condition longer. Hardly cared to live.

After taking a few bottles of Cardui, I saw a great change in my health... my color fine and I began to grow... I got well and strong. I was a different girl and have been ever since. I give Cardui all the praise, and had there not been a change in me when I first began Cardui, I couldn't have lived... The headache gradually disappeared as my health was built up and life became worth living."

Card-u-i, the woman's tonic, purely vegetable, safe, gentle and reliable in its action, has helped many women in the past 40 years, and should do the same for you. If you suffer from womanly troubles, try Card-u-i. NCB-11

Why the "U"-Boats Came to Our Shores

Two confessions of failure are seen by the American press in the raid of several large German "U"-boat "cruisers" on the helpless little schooners that ply up and down the Atlantic coast. "Those 'U'-boats wouldn't be fussing around with schooners if they could get a transport," remarks an astute writer in the New York *Evening Sun*; and another in *The Wall Street Journal* observes sagaciously that the submarines "are here because the 'U'-boat campaign in European waters has completely failed to interrupt the flow of American troops and supplies to France."

The leading article in THE LITERARY DIGEST for this week, June 15th, deals with the sensational submarine raid and, by an analysis of the opinions from various sources, helps the reader to grasp the reasons that prompted Germany's latest move.

Other articles in this exceptionally interesting number of the "Digest" are:

"The Digest" Your One Best Source of Information

Which of us in these busy days of war, with the air filled with the noise of great events and unexampled activity all about him, can find time to read even one newspaper thoroughly every day? And yet it is now more imperatively necessary than it has ever been in the world's history for each one of us to know accurately what is going on, at home and abroad, to get a clear view of all the various activities that are concentrating on the one great

purpose of making the world safe for democracy, to understand thoroughly the vital issues that the world war has brought to the front. Despite the hurry and stress of living to-day it is still possible to do all these things by reading the world's greatest news-magazine, impartial, unaffected by the shifting currents of popular opinion, concise, accurate, and essentially human, THE LITERARY DIGEST. Prove this for yourself NOW.

day afternoon by Squire S. L. Newhouse.

The members of the Tri Kappa sorority will be entertained by Miss Mary Anderson Monday night at her home south of the city.

Red Cross Notes

The ladies of the St. Paul's Methodist church will sew at the Red Cross headquarters Monday afternoon and a good attendance is desired.

Every man working at mine No. 74, Vandalia Coal company, at Coal Bluff, Ind., is buying Thrift or War Savings stamps, and this is probably the first Indiana mine where the men are buying 100 per cent. There are 264 men at this mine. In addition to the fact that all men are purchasers, the average per man is large, as they have obligated themselves to take \$3.45 per man per pay or \$6.90 per man per month.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

Obituaries 33

Bert Powell, son of William and Caroline Leisure was born in Posey township, Rush Co. May 29, 1876 and departed this life June 9, 1918, aged 42 years and ten days.

He was the second child in a family of four children, Edith, Bert, Nellie and Sammie, two of whom, Edith and Sammie have preceded him to that realm whence there is no variableness neither shadow of turning. The other sister with the father remains to mourn his loss.

This family lived happily together until death claimed the sister in 1894 and again death entered the home and took the brother Aug. 17, 1896, after which the home circle was broken.

On October 18, 1903, he was united in marriage to Bertha R. Conway of this place with whom he lived happily until death claimed him.

In 1893 he became a Christian and united with the Hannegan Christian church, under the ministry of Jacob Blount of which church he was a devoted and consistent member. In 1904 he moved his membership to the Arlington Christian church where his wife was a member.

Three years prior to his marriage he became engaged in the grocery business in Carthage and continued in this business until the summer of 1904, when he sold out and moved to Arlington to reside with his wife's mother and father. Mr. and Mrs. John J. Conway, where he has since lived.

He was a member of the Arlington Beech Grove and Rebekah lodges and enjoyed being with the boys in the lodge. He was also an associate member of the Logan Club, and from these circles he will sadly be missed.

His devotion to his parents and sister was very much noticed by his friends and the heaviest sorrow of his life came in the death of his mother, April 23, 1915.

Mr. Leisure was an industrious and prosperous farmer was much interested in his work and worked on the farm as long as his health permitted.

In 1897 his health began to fail, and with his sister, Mrs. Earl Tweedy went to Colorado, where he seemed to regain his health and he returned to his father's home. Again in 1910 he began to decline and with his wife traveled through the west, returning to Denver to spend the winter and returned home the following spring.

For the past year he has been

failing rapidly and at the time of his death had made all preparation to return to Colorado for his health.

Although aware of his failing health the news of his death came as a great shock to the community and his friends.

As a husband, son, brother and friends he was unsurpassed and besides his wife, his sister, father, niece, and nephew, he leaves a host of relatives and friends who unite with them in mourning their loss, and who feel—

There is no flock, however, watched and tended

But one dead lamb is there.

There is no fireside how so'er defenced

But has one vacant chair.

80t1. M. F. A.

Charles Maurice, son of Charles and Alma Alexander, was born May 31, 1907 and departed this life May 15, 1918, aged 10 years, 11 months, 15 days.

At the age of six he began his school life and at the time of his death was in the fifth grade. He was a model pupil, kind and thoughtful to his teacher and always eager to learn.

He was of a sunny disposition, obedient, good-natured and loved to serve, making friends with young and old. His untimely death resulting from injuries suffered in an accident, came as a deep shock to a wide circle of friends. He leaves a loving father and mother, one sister, Mary Eloise, and two brothers, William and George and other relatives to mourn his departure. Funeral services were held at the residence Friday, May 17, 1918, conducted by Rev. L. E. Brown. Burial in East Hill cemetery. 80t1.

Notice to Non-Resident

The State of Indiana, Rush County, In the Rush Circuit Court, May Term, 1918.

William L. Newbold vs. Louis Holtman, et al.

Complaint No. 1576.

Now comes the plaintiff, by Morgan & Ketchum, his attorneys, and files his complaint herein, together with an affidavit of said plaintiff stating that said defendant, Louis Holtman is not a resident of the State of Indiana; that said action is a complaint on account for services; demand \$200.00 and proceedings in attachment and garnishment and that said non-resident defendant is a necessary party thereto.

Notice is therefore hereby given said defendant last named, that unless he be and appear on the first day of the next term of the Rush Circuit Court, to be held on the 1st Monday of September, A. D., 1918, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

Witness my name and the Seal of said Court, affixed at the City of Rushville, Indiana, this 8th day of June, A. D. 1918.

GEO. B. MOORE, JR. Clerk.

Last Time For Charlie
Tonight will be the last chance to see Charlie Chaplin at the Princess in "A Dog's Life" acknowledged to be the best picture he ever produced. The program is ably supported by "His Majesty Bunker Bean," in which Jack Pickford takes the role of Bunker Bean. It might be interesting to movie fans to know that the dog which has such a prominent part in the Chaplin picture is dead. As the story goes, when Charlie went out on a Liberty Loan tour, the dog died of grief and loneliness.

"The Blue Bird," probably one of the most spectacular pictures ever

FIVE TRAINS CARRY TROOPS

All Go Through on Big Four Friday, Coming From Texas

Five troop trains, all carrying men from Texas camps, passed through this city yesterday probably enroute to eastern embarking stations. Men from both infantry and artillery regiments made up the trains each of which contained between twelve and fifteen coaches.

produced, will be here Monday and Tuesday. Beautiful stage settings are employed and the whole production is carried out on a stupendous scale.

—Rufus Fix of Shelbyville visited friends here last night.

WANTS AN END PUT TO ALL DISLOYALTY

Senator James E. Watson, in Flag Day Address, Urges Same Penalty as is Given Traitors

SPEAKS AT ELKS CEREMONY

If There is One Whose Heart is in Germany, Let Him Take His Carcass There, He Says

Indianapolis, Ind., June 15.—United States Senator James E. Watson, in a public address yesterday, declared that residents of the United States whose disloyalty was proved should have the extreme penalty meted out to traitors.

"I am for any man that's for this country. He's a patriot!" he said to an audience of 1,500 at University Park during the Flag Day celebration of the Elks. "I'm against any man who is against winning this war. He's a traitor!"

"I believe the great body of citizenship, no matter from what race they sprang, are loyal. If they are disloyal let's single them out and deal them righteous punishment."

"I wouldn't feel them cakes and dainties at some summer resort. I'd put them against a wall. Then I would say to them:

"My dear sir, with malice toward none and charity to all, I'm glad to see you here. Fire!"

Senator Watson's speech aroused his hearers to demonstration after demonstration of applause. His reverent and patriotic tribute to the flag was mingled with denunciation of conditions which he declared needed correction.

"There is too much class consciousness in this country," he said. "We must be one people in this great conflict. Men are sent to congress to represent a particular interest or a special class, the unions or the farmers or other groups. I am against all class consciousness in public life. I want men sent to Washington who will represent America—our flag."

In his plea for unity the senator said of President Wilson:

"I have naught but an exalted opinion of Woodrow Wilson. I may differ from him about the way to do the things which will win the war, but when it comes to doing that which needs to be done I stand with him."

"I believe the great majority of our German-American population is loyal," the senator asserted. "But if there is one whose heart is in Germany let him take his carcass back to that country. It isn't what a man has been in racial ancestry that counts. It is what he is now!"

An indication of the speaker's belief that the war is not to be concluded quickly appeared when he declared:

"We're going to win this war."

"We've got them down now," came from the audience.

"They're a long ways from down, yet," the senator rejoined.

Mr. Watson said fraternity as exemplified in the Elks and other organizations founded upon like principle typified the highest relation of man to his brother man. He declared it stood for freedom all over the world.

"If Germany wins this war not only will liberty be imperiled and equality endangered, but fraternity will be doomed," the speaker said. "Germany does not believe in fraternity, and that is another reason we shall fight until every crown is lost and every throne is surrendered, until every man of every race is chainless and fetterless forever."

Keep Right on Driving

Battery repairs may be a necessity. But they're not an excuse for letting your car lie idle.

Because as soon as the battery comes out of your car a Willard Rental Battery can go in, to continue the starting, lighting and ignition service that your own battery provided.

So Willard Rental Battery Service means more than just so much wood and lead and acid. It means ability to go into the city, or out to the country. It means ability to tour —

to make the fullest possible use of your car.

Come in and talk batteries with us. We'll tell you how to take care of your battery, and why your next one should be a Still Better Willard with Threaded Rubber Insulation. The long life more than balances the slight increase in cost over the ordinary battery. It's the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

WE CAN DELIVER
Dodge Brothers Cars
Don't let anyone keep you from buying a Dodge by telling you that we cannot get it for you.
It is true that the demand for these cars has kept us sold up for several weeks but we are still getting cars.
If you want a Dodge come in or phone us.
We will not take orders that we know we cannot fill.

Hard Work For Women
It is a question if women doing men's work deserve particular sympathy, for it is doubtful if there is any work that is harder than everyday housework. Overwork tells on the kidneys and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I have derived from their use for a short while." F. B. Johnson.

BOY, DIES FROM LOCKJAW
Arthur Bissow, 4, Develops Disease From Splinter in Foot
Arthur Bissow, four-year-old son of Mrs. Minnie Bissow Taylor who resides in the northern part of the county, is dead following a short illness of lockjaw, which resulted from a splinter which entered his foot, causing the poisonous condition. His condition was not considered serious, however, until several days after the particle of wood had entered the child's foot. Burial was made yesterday in the Carthage cemetery following short funeral services at the home.

Why You Need The FLORENCE Automatic Oil Cook Stove

- 1—Because it burns kerosene and saves fuel.
- 2—Because it concentrates heat and gives you a cool kitchen.
- 3—Because it saves money.
- 4—Because it is wickless, odorless and clean.
- 5—Because a guarantee tag is attached to every stove.
- 6—Because the burners are powerful, yet easily controlled to any heat by moving the lever.
- 7—Because of the exceptional power of the Florence Burner and the extra quickness with which it will boil, bake or grill.
- 8—Because the Florence Stoves are strong, well built and safe.
- 9—Because we deliver them and show you that they absolutely do what we claim.
